2	(Exhibits M through T were
3	premarked for identification as of
4	this date.)
5	RICHARD G. HARVEY, D.C., the
6	Witness herein, having been first duly sworn
7	by a Notary Public in and of the State of New
8	York, was examined and testified as
9	follows:
10	CONTINUED EXAMINATION BY
11	MR. MARVIN:
12	MR. MARVIN: Dr. Harvey,
13	good morning. As you know, I'm
14	Daniel Marvin from Stern &
15	Montana, and we represent Allstate
16	in connection with this request
17	for additional verification in the
18	form of an Examination Under Oath
19	or EUO with respect to certain
20	claims.
21	Q We have marked as Exhibit M a
22	letter confirming today's EUO, and annexed to
23	that letter is a schedule of claimants which
24	are the subject of this EUO, along with the
25	claimants that have been previously identified

Page 4 1 R. Harvey, D.C. 2 in the past two days of testimony. 3 Can you please take a look at 4 the schedule and let me know if you're familiar with those claimants. 5 6 (Perusing document.) 7 Yes. 8 As we did in previous testimony, Q 9 I'm going to be referring to Harvey Family 10 Chiropractic, Physical Therapy and Acupuncture 11 PLLC as Harvey Family for short. 12 Yes. Α 13 And we are here today to discuss 14 these claimants and to verify all aspects 15 relating to the claims which are the subject 16 of this EUO. 17 Did you do anything to prepare 18 for today's testimony? 19 The only thing I have done is 20 try to send you all the materials that you 21 requested. 22 And by "materials," are you Q 23 referring to the acupuncture, physical therapy 24 and chiropractic progress notes and related 25 documents?

Page 5 1 R. Harvey, D.C. 2 Yes. Α 3 Did you review those documents Q 4 prior to coming here today in preparation for 5 the EUO? 6 At some point I did, yes. 7 Specifically in preparation for 0 the EUO, or during the normal course of your 8 9 practice? 10 During the normal course of my Α 11 practice. 12 Did you speak with anyone 0 13 concerning your testimony here today --14 No. A -- other than your attorney? 15 Q 16 Α No. 17 So before we get into the Q 18 questions, I'm going to remind you of the rules and instructions for the EUO. 19 20 First, I'm going to be asking you questions; and when you answer, I'm going 21 22 to assume that you understood my question. And if at any time you don't, please ask me to 23 repeat or rephrase and I will do so. 24 25 reason I tell you this is because I'm going to

Page 6

R. Harvey, D.C.

rely upon what you tell me in order to verify the various no-fault claims that we will be discussing. Do you understand?

A Yes.

Q Second, there's a court reporter that's seated to your left that's going to be taking down everything that we say. So in order to allow her to take down an accurate record, I would ask that you provide audible responses out loud with no nods or gestures, as she cannot distinguish those for the record.

Also, I'm going to ask that when I'm speaking, you don't try and talk over me, and I will render you that same courtesy so we can get a good record.

If you need a break at any time, please let me know and we will take a break. However, if there's a question pending, I ask that you provide a full answer to the question before we break.

Finally, you have given an oath today to tell the truth, the whole truth and nothing but the truth. Do you understand the

Page 7 R. Harvey, D.C. 1 2 oath and obligation that you made? 3 Α Yes. 4 And do you understand that Q although we are taking your EUO at your 5 attorney's office, the same rules apply to the 6 7 oath as if we were in court? Yes. 8 Α Are you having any physical 9 Q 10 problems, or are you currently under the influence of any drug, medication or alcohol 11 12 that would impair your ability to testify 13 truthfully today? 14 Α No. And finally, with just a note on 15 16 objections, as I previously told you during 17 prior testimony, this is not an evidentiary or judicial proceeding; and as such, it is not 18 governed by the Rules of Civil Procedure or 19 20 evidence. Any objections made by your lawyer 21 has no bearing on this proceeding. 22 In the event that your lawyer does object, his objection will be noted for 23 24 the record, and you should answer the 25 If your lawyer instructs you not to question.

Page 8

R. Harvey, D.C.

answer certain questions and you choose not to answer based on the advice of your lawyer, please be advised that your failure to answer the questions asked during your Examination Under Oath could be construed as a failure to cooperate and result in the denial of your claims.

Do you have any questions before we begin?

> Α No.

Just prior to going on the record, you handed me a Third Amended Operating Agreement of Harvey Family Chiropractic, Physical Therapy & Acupuncture PLLC, and we have marked that as Exhibit T.

Dr. Harvey, during the prior days' testimony we talked about the first operating agreement and then the second operating agreement, and now we have the third operating agreement. Aside from substituting any names of the managing members of Harvey Family, are there any other substantive changes in the Third Amended Operating Agreement as compared to the first two?

Page 9
                        R. Harvey, D.C.
1
2
            Α
                    No.
                    When was this Third Amended
3
            Q
4
    Operating Agreement prepared?
                    I think in November of 2012,
5
6
    possibly.
7
                    Did you prepare it?
            Q
            A
8
                    No.
                    Who did?
9
            Q
10
            Α
                    An attorney did.
11
                    Is that the same attorney you
     used for the first and the second operating
12
     agreements, Chris Turcotte?
13
14
            Α
                    Yes.
                    T-U-R-C-O-T-T-E?
15
            Q
16
            Α
                    Correct.
17
                    Doctor, the agreement you handed
     me is not signed or executed. Do you have
18
19
     possession of an executed copy?
20
            Α
                    At my office I do, yes.
21
                    And do you know where it is?
            0
                    In my office.
22
            Α
23
                    And just out of curiosity, is
24
     there a reason why you didn't bring an
25
     executed copy today?
```

Page 10 1 R. Harvey, D.C. 2 I got a text this morning that I Α 3 needed a copy of this, so I just printed it off the computer. I didn't realize this 4 5 wasn't a signed one. 6 The last page of Exhibit T has 7 three signature lines. Are there three 8 signatures on the executed agreement? 9 Α Yes. 10 Aside from the signatures, are Q there any other differences between the 11 12 agreement that you handed me and the agreement 13 you have at your office with the signatures? 14 No. Α 15 Q And what was the purpose of the third operating agreement? 16 17 I believe it was done when Jin Hwangbo, the new acupuncturist, came in to the 18 19 office. 20 On the agreement you handed me 21 there are three signature lines; one for 22 Bervin Brual, one for you, Richard G. Harvey, 23 and one for Mun Sheih. Do you see that? 24 Α Yes. 25 Did Mun Sheih sign the document? Q

```
Page 11
1
                        R. Harvey, D.C.
2
            Α
                    Yes.
 3
                    So as a follow-up, did Jin
            Q
     Hwangbo sign the document?
 4
            Α
                    Yes.
 5
 6
                    And where did Jin Hwangbo sign
     the document?
 7
                    In my office.
 8
            Α
 9
                    Well, where on the document,
            Q
     because you indicated --
10
                    I think there's another sheet.
11
            Α
12
                    (Perusing document.)
13
                    On this page. Everybody signed
14
     that page (indicating).
15
                    And this is on Page 14 of the
            Q
16
     agreement?
17
                    Yes.
            Α
18
                    So the agreement in your office
     actually has seven signatures on it?
19
20
                    Correct.
            Α
21
                           MR. MARVIN:
                                         Just for the
22
                    record, we're going to call for
23
                    the production of the executed
24
                    agreement.
25
                           MR. CHISARI: We will take
```

	Page 12
1	R. Harvey, D.C.
2	it under advisement. Again, we
3	ask all requests be put in
4	writing, which your office has
5	failed to do numerous times.
6	Every EUO we ask for all document
7	requests to be placed in writing,
8	and that never happens.
9	Q Dr. Harvey, did you ever notify
10	the New York State Office of Professions when
11	Jin Hwangbo purportedly became a managing
12	member in November of 2012?
13	A I believe my Chris Turcotte
14	did.
15	Q Did you, at any time after you
16	believe he notified the Office of Professions,
17	did you verify that at all?
18	A I don't recall.
19	Q Are you aware at all that
20	according to the Office of Professions, Paul
21	Wong is still listed as a managing member of
22	Harvey Family?
23	A No.
24	MR. MARVIN: I'm just going
25	to mark this for the record. This

Page 13 R. Harvey, D.C. 1 2 is going to be Exhibit U, which is a copy of the New York State 3 4 Office of Professions online verifications -- a verification 5 search dated December 4th, 2013, 6 yesterday. It lists the managing members of Harvey Family. (Exhibit U-Office of 10 Professions Online Printout, was marked for identification as of 11 12 this date.) Dr. Harvey, have you ever had an 13 opportunity to visit this Web site or see any 14 other documents relating to the managing 15 members on file with the New York State Office 16 17 of Professions as the owners and/or managing 18 members of Harvey Family? 19 Α No. 20 Did you ever have any 21 discussions with Mr. Hwangbo about him 22 becoming the acupuncturist on file with the New York State Office of Professions on behalf 23 24 of Harvey Family? 25 MR. CHISARI: I'm going to

Page 14 1 R. Harvey, D.C. I'm going to object and 2 object. instruct him not to answer. 3 answered earlier saying he relied 4 on Chris Turcotte, his attorney, to do all of that. So I'm going 6 to instruct him not to answer any 7 more of these questions down this 8 It's irrelevant and he 9 answered. He relied on his 10 healthcare attorney to do it. 11 move on to your next smoking gun, 12 13 please, Counselor. MR. MARVIN: Mr. Chisari, 14 I'm just going to ask that you 15 refrain from your --16 MR. CHISARI: You can ask 17 all you want. 18 MR. MARVIN: Your colorful 19 20 language, that's uncalled for. Dr. Harvey, we marked as Exhibit 21 Q O through S documents related to Nancy 22 Martinez, and we will go through them one by 23 24 one. Is she one of your patients? 25

Page 15 1 R. Harvey, D.C. 2 Α Yes. And are you familiar with her 3 Q treatment at Harvey Family with regard to all 4 of the services that were performed on her? 5 6 Yes. 7 And if you could quickly look through Exhibits N through S and let me know 8 if these are documents which were kept in the 9 usual course of Harvey Family's business, and 10 if they are fair and accurate representations 11 of documents that were kept in the course of 12 that business and provided to Allstate in 13 14 connection with this EUO. 15 (Perusing document.) Α 16 Yes. Do you recall when Ms. Martinez 17 Q 18 first appeared at your office for treatment? I don't recall the specific 19 Α 20 date. 21 Can you approximate, based on Q the records? 22 It looks like 6/17 of 2013. 23 Α And when she appeared at Harvey 24 Q Family, who was the first treatment provider 25

Page 16 1 R. Harvey, D.C. 2 she met with? I believe myself. 3 Did you perform the initial 4 5 chiropractic evaluation on her? 6 Α Yes. Now, I believe during previous 7 O. testimony you indicated it's your employee 8 Neil Goldsmith who generally performs all 9 initial chiropractic evaluations on claimants. 10 MR. CHISARI: I'm going to 11 object. Unless you pull out a 12 transcript and say he said 13 something else, I'm not going to 14 allow him to answer with respect 15 16 to your characterization of prior 17 testimony. MR. MARVIN: Let's go off 18 the record so I can find that spot 19 20 in the record. (Discussion held off the 21 22 record.) 23 I'm going to refer, Dr. Harvey, Q to your first day of testimony, which was on 24 January 21st, 2013. Page 98 beginning on Line 25

Page 17 R. Harvey, D.C. 1 18 through Page 99, Line 24. Rather than read 2 it in the record, Dr. Harvey, I'm going to 3 show you the transcript. I will ask you if it 4 refreshes your recollection, and then your 5 6 counsel can look at it regarding the testimony 7 on that day. MR. MARVIN: 98 to 99. Ιt 8 9 goes top to bottom. 10 (Perusing document.) Α 11 Okay. Does that refresh your 12 Q recollection that you indicated that typically 13 it's Neil Goldsmith that does all initial 14 evaluations while you are with him in the room 15 16 taking notes? 17 Α Yes. Did that procedure take place 18 with the evaluation of Nancy Martinez, if you 19 20 recall? I can't say a hundred percent 21 Α 22 sure. Is Neil Goldsmith still an 23 Q 24 employee of yours? 25 Α Yes.

Γ	
	Page 18
1	R. Harvey, D.C.
2	Q Does he still do initial
3	evaluations?
4	A Yes.
5	Q What were Ms. Martinez's
6	complaints or symptoms when she appeared at
7	your office and you evaluated her, or
8	Mr. Goldsmith evaluated her?
9	A She complained of neck pain,
10	lower back pain, hand pain, tingling into the
11	hand into the hands, left knee pain, upper
12	back pain.
13	Q Did she complain of anything
14	else?
15	A It looks like right shoulder,
16	right arm pain.
17	Q And where are all of these
18	complaints indicated on the initial evaluation
19	form, Exhibit N?
20	A We use pictures, and there's
21	also words.
22	Q And where is the knee pain
23	indicated?
24	A Right here (indicating).
25	Q And where is the right shoulder

Page 19 1 R. Harvey, D.C. 2 pain indicated? 3 Right here (indicating). Α MR. MARVIN: And just for 4 5 the record, Dr. Harvey is pointing to --6 THE WITNESS: The right 7 8 shoulder. MR. MARVIN: -- the diagram 9 10 of a person on the paper. And, Dr. Harvey, that was for 11 Q the knee pain also? That's this circle on the 12 13 person (indicating)? 14 Yes. 15 Q And where is the circle for "right shoulder"? Is that this circle 16 17 (indicating)? 18 Yes. And could you just briefly 19 20 explain what the results of the examination were in all the various boxes on Exhibit N. 21 And, Dr. Harvey, is this your 22 Did you fill this out? 23 handwriting? 24 Α Yes. 25 Q So with respect to the

Page 20 1 R. Harvey, D.C. 2 examination on the top portion of the form where it lists "biceps, triceps," et cetera, 3 could you explain the examination you 4 performed and what the results were. 5 6 Those are reflex tests. And the 7 reflexes --(Interruption at the door.) 8 (Brief recess taken.) 9 The reflexes were normal, with 10 Α the exception of the extensor digitorum reflex 11 on the right, which was hypoactive, and the 12 Achilles reflex on the left, which was 13 14 hypoactive. There were subluxations of C2 15 through C4, C5 through C7 and L4 through S1. 16 17 There was paraspinal muscle spasm. There was a weakness of the left foot dorsiflexors. 18 Lasegue's test was positive, as was Bragard's 19 20 test. What's a Lasegue's test? 21 Q Laseque's test is a test to test 22 23 if there's nerve root irritation, and it was positive on the left, as was Bragard's test. 24 How was that test performed, the 25 Q

A	Page 21
1	R. Harvey, D.C.
2	Lasegue's test?
3	A You lift up the person's leg and
4	you see if it exacerbates their pain. And
5	Bragard's is the same test, except this time
6	you just bend the foot to stretch the nerve.
7	Q And based upon the initial
8	evaluations, what was your recommended course
9	of treatment for Ms. Martinez?
10	A She was going to undergo a
11	course of chiropractic care with myself.
12	Q And did Ms. Martinez meet with
13	anyone else at Harvey Family's office on
14	June 17th?
15	A I don't believe so.
16	Q Did you recommend that she meet
17	with a physical therapist?
18	A I believe so.
19	Q And why was that?
20	A She was having extremity pain.
21	And for the treatment of extremities, physical
22	therapy is what's recommended.
23	Q And which extremities was she
24	having pain in wherein you recommended that
25	she see a physical therapist?

	Page 22
1	R. Harvey, D.C.
2	A For her right shoulder.
3	Q Did you recommend that she
4	undergo any sort of treatment?
5	A I recommended that she also
6	consult with the acupuncturist.
7	Q At your office?
8	A Correct.
9	Q Did you make any other
10	suggestions to her?
11	A Not that I recall.
12	Q Did she meet with a physical
13	therapist?
14	A Yes, she did.
15	Q And that's at your office?
16	A Yes.
17	Q Do you know when she first met
18	with the physical therapist?
19	A Looking at the record, it looks
20	like 6/19 was the first day she saw the
21	physical therapist.
22	Q That was two days after she saw
23	you?
24	A Correct.
25	MR. MARVIN: Prior to the

Page 23 1 R. Harvey, D.C. 2 EUO we had requested all prescriptions for physical 3 therapy. Dr. Harvey indicated he 4 believed they were faxed to our 5 6 office. I don't believe we 7 received prescriptions for physical therapy. So, Counsel, I 8 will put it in writing, and we're 9 going to call for the production 10 11 of those referrals. And I will just ask you, 12 0 13 Dr. Harvey, do you know who actually referred Ms. Martinez for physical therapy? 14 I believe it was Dr. Dynoff. 15 Α 16 And do you know how it was that Q 17 Ms. Martinez came to meet with Dr. Dynoff? For pain management I 18 19 recommended that she see him. 20 Q So you also recommended pain 21 management? Not that she do, that she 22 23 consult with him. That's an option for her. 24 And that was also on June 17th when you first met with her, if you recall? 25

	Page 24
1	R. Harvey, D.C.
2	A Either the 17th or the 19th. I
3	don't exactly remember what day I recommended
4	it to her.
5	Q And why was it that you felt she
6	needed pain management?
7	A She was having a lot of pain.
8	Q What parts of the body were most
9	painful for her where you felt pain management
10	would be helpful?
11	A From my aspect, her neck and
12	back.
13	Q Let's turn quickly to Exhibit O,
14	which are your progress notes. Are you
15	familiar with the progress notes in Exhibit O?
16	A Yes.
17	Q You prepared all of those
18	yourself during the normal course of your
19	treatment of Ms. Martinez?
20	A Yes.
21	Q Could you just briefly describe
22	what sort of treatment you gave to
23	Ms. Martinez, chiropractic treatment, and
24	where you gave her that treatment.
25	A She received spinal adjustments

	Page 25
1	R. Harvey, D.C.
2	to her neck and back.
3	Q What part of the spine, neck or
4	back did she receive the treatment on?
5	A On 6/18 from C3 to C7 and L2
6	through S1.
7	Q And is it common to change the
8	areas of treatment as you go along during the
9	course of a patient's treatment? By "areas" I
10	mean the parts of the spine, neck and back.
11	A Depending on what shows on each
12	visit, yes.
13	Q Are you still treating
14	Ms. Martinez?
15	A Yes.
16	Q Has she improved?
17	A She has shown improvement, yes.
18	Q Doctor, at some point you
19	referred Ms. Martinez for electromyography and
20	nerve conduction velocity testing of her upper
21	extremities, correct?
22	A Yes.
23	Q Do you remember what symptoms
24	she was demonstrating which caused you to
25	refer her for that testing?

Page 26 1 R. Harvey, D.C. I believe she was having 2 Α radiating arm pain and weakness, and we wanted 3 to determine where it was coming from, whether 4 it was coming from the neck or it was coming from the nerve in the shoulder or the elbow or 6 the wrist, to assess -- to see exactly if any 7 other type of treatment was necessary. 8 Were you able to determine that 9 Q based on the electromyography and nerve 10 conduction velocity testing that she received? 11 I don't recall the results 12 13 offhand. If you turn to Exhibit R, let me 14 0 know if you're familiar with that document. 15 And if so, what it is? 16 I am familiar with this 17 18 document. And what is it? 19 This was a nerve conduction 20 study which was done of the upper extremity. 21 And the conduction study was done on 7/23 of 22 2013. 23 By whom? 24 Q 25 Α By Dr. Goldsmith.

```
Page 27
1
                        R. Harvey, D.C.
                   And this was through North
2
            Q
3
    Yonkers Chiropractic Services, P.C.?
                   Correct.
4
            Α
5
            Q
                   Are you familiar with that
6
    company?
7
            Α
                   Correct.
                   What is that company?
8
                    That's Dr. Goldsmith's company.
9
            Α
                    I see the address is the same
10
            Q
    of -- 984 North Broadway, Suite L-09, Yonkers,
11
    New York is the same as Harvey Family. Does
12
    North Yonkers Chiropractic Service, P.C. lease
13
     space from Harvey Family?
14
15
            Α
                    Yes.
                    Is there a lease agreement?
16
            Q
17
            Α
                    Yes.
                    When was that agreement
18
     executed, if you remember?
19
20
            Α
                    I don't recall.
                    You can approximate.
21
            Q
                    Years ago. I don't recall when.
22
            Α
                    Do you recall the terms of the
23
            O
24
     lease agreement?
25
            Α
                    No.
```

	Page 28
1	R. Harvey, D.C.
2	Q Do you have a copy of the lease
3	agreement?
4	A Yes.
5	Q Where do you maintain that?
6	A It would be in my office
7	somewhere.
8	Q And specifically, what space
9	does North Yonkers Chiropractic Services,
10	P.C how much space does the corporation or
11	the company lease from you?
12	A He has access to all any of
13	the treatment rooms in my office that he needs
14	at a particular time.
15	Q And when you say "he," you're
16	referring to Neil Goldsmith?
17	A Dr. Goldsmith, yes.
18	Q And does Dr. Goldsmith perform
19	the NCV just for short, EMG/NCV testing
20	when I say that, I'm referring to
21	electrodiagnostic testing.
22	Does Dr. Goldsmith perform that
23	EMG/NCV testing as needed on any given patient
24	during the course of his employment?
25	A Yes.

Page 29 1 R. Harvey, D.C. 2 And by that I mean does he have Q an agreement whereby he comes on certain days, 3 Dr. Goldsmith, when he's not working for you, 4 just to perform EMG/NCV testing, or is it 5 during the course of him working for you 6 7 during his typical --Typically he has specific times 8 Α that he will see patients for EMGs. 9 And what times are those? 10 Q Typically in the morning. 11 Α will usually do it between 10:00 and 12:00. 12 In the afternoon typically I think it's 13 between 2:00 and 4:00. 14 During those hours, does he also 15 Q see patients for regular evaluations at Harvey 16 17 Family? If he's not doing his nerve 18 testing, he will. 19 And we discussed Dr. Goldsmith 20 Q 21 during the previous testimony. He's a 22 full-time employee of Harvey Family? 23 Α Yes. And could you just, again for 24 Q 25 the record, state what his hours are.

Page 30 R. Harvey, D.C. 1 2 He's in my office from 10:00 to Α approximately 7:30 on Monday, Tuesday, 3 Wednesday and Friday. Thursday from 10:00 to 4 2:00, and occasionally on a Saturday. 5 6 Is he paid by the hour or is he salaried? 7 He has a salary. 8 Α Is it the same salary we 9 Q 10 discussed at the prior testimony? 11 Α Yes. And for the record, could you 12 just refresh our recollection of what it is. 13 I don't know the exact salary. 14 Α But it's the same as what it 15 Q 16 was? 17 Α Yes. 18 And with regard to the lease agreement which you indicated was signed, you 19 said, years ago, is there a way you could 20 narrow that down a little bit? Was it signed 21 22 more than a year ago? 23 MR. CHISARI: I'm going to object and tell him not to answer. 24 We have gone through it. He said 25

		Page 31
1		R. Harvey, D.C.
2		he doesn't remember. It's years
3		ago. You called for production of
4		it. If he has it, it will have a
5		date on it.
6	Q	Do you recall who signed that on
7	behalf of Nor	th Yonkers Chiropractic Services,
8	P.C.?	
9	A	I believe it would be
10	Dr. Goldsmith	•
11	Q	Do you recall who prepared the
12	lease agreeme	nt?
13	A	No.
14	Q	Do you recall if Dr. Goldsmith
15	or one of his	representatives prepared it, or
16	was it you an	d/or one of your representatives
17	that prepared	it?
18		MR. CHISARI: I'm going to
19		object again. He answered he
20		doesn't know who prepared it. How
21		many different ways are you going
22		to ask him the same question?
23	A	I don't recall.
24	Q	Do you recall how long the lease
25	agreement was	for?

	Page 32	
1	R. Harvey, D.C.	
2	A No.	
3	Q Do you recall if there have ever	
4	been amendments to or extensions of the lease	
5	agreement?	
6	A Not that I'm aware of.	
7	Q Do you recall the amount that	
8	North Yonkers Chiropractic Services, P.C. pays	
9	to Harvey Family pursuant to the lease	
10	agreement?	
11	A No.	
12	Q Turning back to Ms. Martinez's	
13	electrodiagnostic reports, can you tell me	
14	what the results were.	
15	A The results showed that there	
16	was no evidence of carpal tunnel syndrome or	
17	cervical radiculopathy or peripheral	
18	neuropathy.	
19	Q And based on that report, did	
20	your treatment of her change?	
21	A No.	
22	Q And if the report had shown	
23	positive findings of carpal tunnel syndrome,	
24	cervical or peripheral neuropathy, would your	
25	treatment have changed?	

	Page 33
1	R. Harvey, D.C.
2	A Yes.
3	Q If there was just a finding of
4	carpal tunnel syndrome, would your treatment
5	have changed?
6	A Well, there's certain
7	recommendations I would have made to her at
8	that point.
9	Q Dr. Harvey, let's turn to the
10	physical therapy progress notes for Nancy
11	Martinez. And this would be Exhibit P. Are
12	you familiar with these progress notes?
13	A Yes.
14	Q Do you know who prepared these
15	progress notes?
16	A The physical therapist.
17	Q And who is that?
18	A Bervin Brual.
19	Q Did Bervin Brual prepare all of
20	these progress notes?
21	A Yes.
22	Q And are these progress notes
23	prepared contemporaneously at the time of
2 4	treatment, to the best of your knowledge?
2.5	A Yes.

	Page 34
1	R. Harvey, D.C.
2	Q And that's for each individual
3	date?
4	A Yes.
5	Q And could you just briefly
6	explain the procedure for filling out these
7	progress notes during Nancy Martinez's
8	treatment. How is that done?
9	A The therapist will assess the
10	patient; and based on the assessment, they
11	will mark on the record what the complaints
12	are.
13	Q Are all of the markings on the
14	SOAP notes entered as the patient is being
15	evaluated?
16	A I believe so.
17	Q What is that belief based on?
18	A Conversations I have had with
19	him in the past.
20	Q When you say "him," are you
21	talking about Mr. Brual?
22	A Correct.
23	Q On the SOAP notes, you see at
24	the top there is a section called "PX C/O."
25	Do vou see that?

		Page 35
1	1 R. Harve	еу, D.C.
2	2 A Yes.	
3	Q What is that	t?
4	4 A I'm not fam:	iliar with that.
5	5 Q Who would be	e familiar with that?
6	A Possibly my	biller or Mr. Brual.
7	7 Q Now, next to	o "PX C/O" do you see
8	8 there are six possible in	dications which read:
9	9 "Shooting, dull aching, c	onstant,
10	0 intermittent, localized"	and "radiating"?
11	1 A Yes.	
12	2 Q To your know	wledge, what are
13	3 those words with boxes ne	kt to them there for?
14	4 A That's an a	ssessment of what the
15	5 patient is stating to the	therapist as to what
16	6 they're feeling.	
17	7 Q And so to y	our knowledge, is the
18	8 patient asked on each vis	it to describe the
19	9 pain they're feeling?	
20	O A Yes.	
21	1 Q And based u	pon the conversation
22	2 between Mr. Brual and the	patient, is it your
23	3 understanding that Mr. Br	ual checks off what's
24	4 told to him by the patien	t?
25	5 A Yes.	

		Page 36
1		R. Harvey, D.C.
2	Q D	r. Harvey, on the physical
3	therapy progres	s notes, do you see the "O"
4	section, the ob	jective assessment?
5	A Y	es.
6	Q A	and on there, do you see there
7	are eight possi	ble things which could be
8	checked off?	
9	A Y	es.
10	Q C	could you describe what each one
11	of those are.	
12	r A	he first one is "Muscle spasm."
13	Q P	and what is your understanding
14	as to when that	would be checked off?
15	A 3	If the patient has muscle spasm.
16	Q 1	s that common with the type of
17	injuries which	are seen at Harvey Family?
18	Α 3	es.
19	Q Z	And the next box?
20	A '	Tenderness."
21	Q Z	And could you describe what that
22	means.	
23	A U	Jpon palpation, if it's tender
24	or not.	
25	Q Z	And by "tender," what do you

	Page 37
1	R. Harvey, D.C.
2	mean?
3	A Painful.
4	Q And is that common in the type
5	of injuries which present at Harvey Family for
6	physical therapy?
7	MR. CHISARI: I'm going to
8	object and instruct my client not
9	to answer that question because
10	it's makes no sense. "Type of
11	injuries"? In reference to what;
12	car accidents, people falling off
13	a ladder, people who trip and fall
14	in the street?
15	Because we can say that in
16	a chiropractor's office, most
17	people who walk in have muscle
18	spasm, tenderness, neck pain, back
19	pain, elbow pain, shoulder pain.
20	Q Dr. Harvey, with patients that
21	are typically in automobile accidents, is it
22	common for them to have tenderness?
23	A Yes.
24	Q The next box is
25	"Swelling/edema." Could you explain under

Page 38 1 R. Harvey, D.C. what circumstances that box would be checked 2 3 off. If someone had swelling or 4 Α 5 edema. Is that common in individuals 6 who have been injured in automobile accidents 7 that present to your office? 8 9 It's one of the findings that can be seen. 10 And tightness, based upon what 11 we have discussed so far -- I guess if someone 12 13 complains of tightness, that would be checked 14 off? 15 Α Yes. Is tightness a common symptom of 16 17 people who have been injured in automobile accidents who present to Harvey Family for 18 physical therapy? 19 20 Yes. Α And "Redness," which is the next 21 Q 22 box --Yes. 23 Α -- is that also a common 24 25 symptom?

	Page 39
1	R. Harvey, D.C.
2	A If someone has been bruised,
3	yes.
4	Q There's two more sections in
5	that area under "O." One is "ROM," and
6	there's an indication for this claimant, Nancy
7	Martinez, for "Limited." Could you describe
8	what that means.
9	A Her range of motion of that
10	joint was limited.
11	Q And how was that determined?
12	A The therapist checks the joint.
13	Q And can you describe the
14	procedure by which the therapist checks the
15	joint.
16	A He will have them lift the arm
17	up, and he will try and lift the arm up.
18	Q And at what point would the
19	physical therapist determine that the range of
20	motion was limited?
21	A If it's not at its full
22	capacity.
23	Q And by "full capacity," what
24	does that mean?
25	A Its full range of motion.

	Page 40
1	R. Harvey, D.C.
2	Q Let's move to the next section
3	of the progress notes which is the "A." And
4	that's for the assessment?
5	A Yes.
6	Q The first box says, "Tolerated
7	treatment well." When would that box be
8	checked off?
9	A When they tolerate treatment
10	well.
11	Q And what does that mean,
12	exactly?
13	A I guess they were able to
14	undergo the treatment.
15	Q And the next box says "No
16	significant changes since last visit." When
17	would that box be checked off?
18	A If there was no change at all.
19	Q Could you describe what a
20	significant change is to warrant that box
21	being checked off.
22	A If there was a lot less pain or
23	a lot less range of motion, a lot less
24	tightness.
25	Q The next box under "A" is

Page 41 1 R. Harvey, D.C. "Improvement as anticipated." Could you 2 describe when that box is checked off. 3 As they go through a session of therapy, and if during the therapy -- they do 5 well during therapy, they will check it off. 6 And what does that mean, 7 Q "Improvement as anticipated"? 8 That what was worked on showed 9 Α some improvement, so it must have shown either 10 less pain after, less spasm, more range of 11 12 motion. And finally under "A," the 13 "Continued plan of care" --14 That's checked off when the 15 Α therapist determines that they should continue 16 17 their plan of care. And as far as the physical 18 therapy treatment program which is under "P" 19 20 on the SOAP notes, which lists "Moist heat, electrical stimulation, therapeutic exercise, 21 massage, ultrasound, paraffin bath, manual 22 therapy, therapeutic activities" and 23 "other" -- do you know how a physical therapy 24 program is determined for claimants which are 25

Page 42 1 R. Harvey, D.C. treated at Harvey Family? 2 Well, there are times that an 3 orthopedist will recommend specific things they want done, and there are times that the 5 therapist just gets a prescription for therapy 6 7 to a specific area, and they want the therapist to determine what is to be done. 8 Is that done on a per-patient 9 In other words, is it different on 10 different claimants depending on --11 It can be, yes. 12 Now, with regard to the SOAP 13 notes, are you aware if they're ever premarked 14 15 prior to a patient being treated? I don't believe -- no, they're 16 17 not premarked. And when you say they're not, 18 are you referring to every single section that 19 20 we just discussed including the "S, O, A, P, home instructions" and "pain"? 21 22 Α Yes. At the bottom of Ms. Martinez's 23 SOAP note, it indicates "HEP." Can you 24 describe what that is. 25

		Page 43
1		R. Harvey, D.C.
2	A	I believe it's home exercises.
3	Q	Is it your belief that
4	Ms. Martinez v	was prescribed home exercises?
5	A	Yes.
6	Q	Do you know what those home
7	exercises are	?
8	A	I believe exercises for the
9	shoulder.	
10	Q	Specifically what was she told
11	to do?	
12	A	I don't know the specifics.
13	Q	Are they indicated anywhere on
14	the documents	?
15	A	I don't see it specifically on
16	the document,	no.
17	Q	Who would know the specifics?
18	A	The therapist.
19	Q	Is that Mr. Brual?
20	A	Correct.
21	Q	On the physical therapy progress
22	notes on the	section indicated "O," there's a
23	box for "MMT.	" Could you explain what that
24	is.	
25	A	I'm not sure exactly what that

```
Page 44
1
                       R. Harvey, D.C.
2
    signifies.
3
            Q
                  Who would know? Again,
    Mr. Brual?
4
5
                   Correct.
                   Did Ms. Martinez's range of
6
    motion ever improve during the course of her
7
    physical therapy treatment?
8
                   I don't know.
9
                   Again, is that something that
10
            Q
    Mr. Brual would know?
11
                   Yes. Just based on looking at
12
    it when it says, "Improving as anticipated," I
13
    assume that's one of the things that's
14
15
    improving.
                   Dr. Harvey, you can see in
16
    Exhibit P we have progress notes from
17
    June 19th, all the way up through
18
    September 9th. Under the "Range of motion"
19
    where it's indicated as "Limited," did that
20
    ever change during the course of
21
    Ms. Martinez's treatment?
22
                   It continues to be limited.
23
                   To the best of your
24
    understanding, there was no change in her
25
```

Page 45 1 R. Harvey, D.C. range of motion? 2 3 It's still limited. There may have been a change. I would have to ask 4 Mr. Brual, but overall it's still limited. 5 Now, is it common not to put the 6 7 degree of limitation on the progress notes? That I don't know. 8 Α 9 In other words, how would you, Q reviewing the documents -- or even 10 Mr. Brual -- know over the course of three or 11 four months how the range of motion was 12 improving based on just the word "limited"? 13 From that I don't know how he --14 Α exactly how he determines it. 15 What about Ms. Martinez's pain 16 17 level, which on June 19th, you can see from the first progress report, was at a five 18 indicating "distressing"? During the course 19 of her treatment, how did her pain level 20 21 change? There were times it looks like 22 it was a five. There were times it was a six. 23 There were times it was a four. It seems that 24 over all of -- showed, at best, limited 25

Page 46 R. Harvey, D.C. 1 2 improvement. So, Dr. Harvey, for example, on 3 August 30th, if you could look at that 4 progress note, you can see she indicated --5 Ms. Martinez indicated shoulder pain of four 6 on a scale of zero through ten, which is 7 "discomforting." Do you see that? 8 9 Α Yes. And on the next visit on 10 September 4th, 2013, she lists shoulder pain 11 two grades higher as a six, which is 12 "distressing." Do you see that? 13 Yes. 14 Α Do you also see on the SOAP 15 notes there's an indication of "Improvement as 16 anticipated" checked, and also "Continued plan 17 of care" being checked? And do you also see 18 that the box indicated "No significant changes 19 20 since last visit" is unchecked? 21 Yes. Α Is a change in pain from a four, 22 "discomforting," to a six, "distressing," 23 considered a significant change since the last 24 25 visit?

	Page 47
1	R. Harvey, D.C.
2	A Some people consider it
3	significant; some people consider it not
4	significant. It's basically a 20 percent
5	change.
6	Q Do you consider that
7	significant?
8	A No.
9	Q What change would you consider
10	significant?
11	MR. CHISARI: I'm going to
12	object, and I'm going to instruct
13	my client not to answer that
14	question.
15	Are you asking a
16	hypothetical, Counselor, or are
17	you
18	MR. MARVIN: I'm asking
19	him
20	MR. CHISARI: His opinion?
21	Q On the pain scale of zero to
22	ten, how many grades would it have to change
23	for you to consider it significant enough to
24	warrant checking that on this box?
25	A Probably about a 50 percent

Page 48 1 R. Harvey, D.C. 2 change. We discussed how this patient's 3 Q range of motion remained limited from the 4 first day of her treatment to the last one we 5 were discussing, correct? 6 7 Α Yes. And we also discussed how her 8 pain went from a five, sometimes to a four, 9 and up to a six as of the last week of her 10 treatment; is that correct? 11 12 Yes. 13 Can you explain why the plan of care she was initially prescribed didn't 14 15 change, despite the fact that her range of motion didn't improve over several months and 16 17 her pain stayed the same, or even went up as of the last week of her treatment. 18 I believe that the therapist 19 20 thought that with further care he could get 21 improvement. And what further care? 22 Q What 23 type of care? Continued therapy. 24 Α Do you specifically know the 25 Q

Page 49 1 R. Harvey, D.C. type of therapy that Ms. Martinez performed in 2 your office on her shoulder? 3 Based on the record, it looks like she had moist heat, she had electrical 5 stimulation, she had exercise and she had 6 7 manual therapy. And can you describe what the 8 Q exercise consisted of. 9 They would put her joint through 10 different ranges of motion, through different 11 strengthening exercises. The specifics I 12 13 wouldn't know. Again, is that something that 14 Q 15 Mr. Brual would know? Yes. 16 Α Dr. Harvey, take a look at 17 Exhibit N at the writing indicated by 18 Mr. Brual. In particular, the word "Limited," 19 a circle of the word "Shoulder," indication of 20 "Home exercise program." Can you please look 21 at those words between all the different SOAP 22 23 notes. 24 Α Yes. And would you also look at the 25 Q

Page 50 1 R. Harvey, D.C. checkmarks in the "O" section and the "A" 2 section and the "P" section. 3 Yes. Α Dr. Harvey, comparing these SOAP notes from June 19th to September 9th, would 6 you agree that they're actually photocopies of 7 each other, with the exception --8 MR. CHISARI: Objection. 9 You're not even going there. Now 10 you're alleging some kind of 11 Unless you have a basis fraud. 12 for it, other than asking does it 13 look like a photocopy, he's not 14 answering the questions. 15 records are what they are. They 16 speak for themselves. 17 You can answer. 18 Q MR. CHISARI: No, you 19 can't. Don't answer the question. 20 Doctor, were these SOAP notes --21 Q were each of these SOAP notes filled out 22 contemporaneously with the treatment of 23 24 Ms. Martinez? 25 Α Yes.

	Page 51
1	R. Harvey, D.C.
2	Q And is it your testimony that's
3 .	with regard to every pen mark made on these
4	SOAP notes?
5	A Yes.
6	Q Now, we talked a moment ago
7	about the "HEP," the home exercise program.
8	You said you believed there was a home
9	exercise program; is that correct?
10	A Yes.
11	Q And with regard to Ms. Martinez,
12	are you aware if she engaged in a home
13	exercise program?
14	A I believe she did.
15	Q What's that belief based on?
16	A She's been compliant with
17	everything else we recommended, so I don't see
18	why she wouldn't be doing it.
19	Q Was she given a home exercise
20	program to participate in?
21	A If he wrote it there, yes.
22	Q Now, Dr. Harvey, at an EUO on
23	October 2nd of this year we spoke with
24	Ms. Martinez, and she denied being given a
25	home exercise program. Is that inconsistent

	Page 52
1	R. Harvey, D.C.
2	with your belief?
3	MR. CHISARI: Objection.
4	Don't answer that. I don't have
5	an EUO in front of me. I'm not
6	going to let him answer questions
7	about your characterizations of
8	somebody else's testimony who is
9	not here, and we don't have a copy
10	of the transcript.
11	Q You can answer.
12	MR. CHISARI: No, you
13	can't, Doctor. Don't answer that
14	question.
15	Q I'm just going to remind you
16	that any failure to answer questions could be
17	considered a failure to cooperate with the EUO
18	and warrant an independent basis for the
19	denial of the claims.
20	MR. MARVIN: And we will
21	allow a judge
22	A I know that he gave her
23	exercises to do.
24	Q Do you know what exercises?
25	A I don't know the specific, I

	Page 53
1	R. Harvey, D.C.
2	just know.
3	MR. MARVIN: Please mark
4	this.
5	(Exhibit V-Physical Therapy
6	Progress Notes, was marked for
7	identification as of this date.)
8	Q With respect to Ms. Martinez
9	being given moist heat treatments, she was
10	given moist heat treatments?
11	A Yes.
12	Q Can you describe what that is
13	and what the benefits of that are.
14	A The moist heat helps to relax
15	the area, make it easier to work on.
16	Q How long does the treatment
17	last?
18	A I don't know exactly how long it
19	lasts.
20	Q Is that also something Mr. Brual
21	would know?
22	A Yes.
23	Q And electrical stimulation is
24	also indicated as being given to Ms. Martinez.
25	Can you describe what that is.

Page 54 R. Harvey, D.C. 1 A machine that we -- that 2 Α 3 delivers electromuscle stimulation to the body, and that's put on the area. 5 Do you know the type of machine that's used? 6 I don't know the exact name of 7 Α It's a high volt galvanic machine. I can 8 9 get you the brand of it, if you like. 10 With respect to therapeutic exercises, I think you may have said you're 11 not sure what exercises she was actually 12 13 given; is that correct? Right. I don't know the 14 Α 15 exercises. And that's something that 16 Q Mr. Brual would know? 17 Correct. 18 And the manual therapy, can you 19 20 describe what she was given. That would be with the hands 21 Α working on the joint. Almost like trigger 22 23 point work, pressure work on the joint. We have marked as Exhibit V, 24 Dr. Harvey, physical therapy progress notes 25

Page 55 R. Harvey, D.C. 1 with respect to -- these are all of the 2 physical therapy progress notes we received by 3 your office in connection with today's EUO. will actually read off the claimants that we 5 I will just need Exhibit A. 6 have here. The names are Juan Carlos 7 Sanchez Herrera, Cynthia Crawford, Nilda 8 Rivera, Jose Moran, Jeanne Poniros, Nancy 9 Martinez, who we have discussed. It looks 10 like Luan Alamo, Gabriel Laborde, Leon Body. 11 Dr. Harvey, can you please take 12 a look at these SOAP notes. 13 approximately 200 pages representing 200 14 separate treatments for those claimants. 15 (Perusing documents.) 16 Α Yes. 17 Are you familiar with those 18 0 19 records? 20 Α Yes. And those are fair and accurate 21 0 copies of the records that you provided to our 22 office? 23 Yes. 24 Α And would you agree, all of 25 Q

Page 56 1 R. Harvey, D.C. these progress reports are of the same type 2 that were filled out in connection with Nancy 3 Martinez? 4 Yes. And take a look at the SOAP 6 notes, the pain section which we previously 7 discussed, where "Shooting, dull, constant, 8 intermittent, localized" or "radiating pain" 9 could be checked. Do you see that section? 10 Yes. 11 Would you agree, according to 12 the SOAP notes, the pain described for every 13 single patient on every single date of 14 treatment on all 200 of them were shooting, 15 intermittent and localized? 16 17 Α Yes. In the practice of physical 18 therapy among these patients, is it common for 19 a claimant to never describe a dull, aching 20 21 pain? In these cases, I guess so. 22 Α And what about a constant pain? 23 Is it common for a claimant to never describe 24 25 a constant pain?

Page 57 1 R. Harvey, D.C. For these patients? 2 A 3 Do you know if these patients ever described a dull, aching or constant pain 4 during the course of their physical therapy? 5 Not based on the record. 6 And what about a radiating pain? 7 0 8 Do you know if any of these claimants complained of a radiating pain? 9 Not on -- not based on the 10 11 record. Dr. Harvey, moving on to the 12 objective findings section, which we discussed 13 previously, and we talked about the possible 14 finding of "muscle spasm, tenderness, 15 swelling, tightness, redness" or "other," 16 17 those six possible types of diagnosis which could be checked, would you agree that with 18 respect to all, approximately, 200 of these 19 20 SOAP notes for every date of treatment for every claimant, each one of them indicates 21 22 muscle spasm, tenderness and tightness? 23 Α Yes. In the practice of physical 24 therapy, is it common for a claimant to never 25

Page 58 1 R. Harvey, D.C. have swelling, edema, redness or anything 2 3 which could be characterized as "other"? In these cases, yes. 4 Are you aware of any claimants 5 0 which are the subject of this EUO which had 6 physical therapy in which "swelling, edema, 7 redness" or "other" was checked on one of 8 9 their daily progress notes? Not that I know of offhand. 10 Looking again at the "O" section 11 of the progress reports, "Range of motion 12 13 limited," do you see that? 14 Α Yes. 15 Q Would you agree that on, I 16 believe every one of the approximately 200 17 progress notes, the range of motion is indicated as "Limited"? 18 MR. CHISARI: If that's 19 20 what the records say, that's what he'll testify to. 21 22 Α Yes. Moving on to the "A" section of 23 0 the, approximately, 200 daily progress notes 24 in Exhibit V, in terms of the assessment, 25

Page 59 1 R. Harvey, D.C. would you agree that it was identical for 2 3 every claimant on every visit? And by "identical" I mean it's indicated that they 4 tolerated treatment well, improvement as anticipated and to continue plan of care? 6 7 Α Yes. And with regard to these 8 claimants which are the subject of these, 9 approximately, 200 SOAP notes, if the range of 10 motion continued to be limited for every 11 claimant, why was the plan of care continued, 12 if it appeared to not have been helping? 13 Well, it's limited, but they 14 Α felt it was helping, and felt with continued 15 care it would continue to help. Even though 16 it's limited, there's different degrees of 17 limitation. 18 Now, are there any records that 19 you know of which would indicate how that 20 range of motion was improving over time? 21 Not that I know of. 22 And with regard to the physical 23 0

therapy program for these, approximately, 200

daily progress notes, would you agree that it

24

25

Page 60 1 R. Harvey, D.C. was identical for every claimant on every 2 3 date? Α Yes. 5 0 And that's with moist heat, electrical stimulation, therapeutic exercise 6 7 and manual therapy? 8 Α Yes. 9 Dr. Harvey, is there any difference on how a claimant would receive 10 physical therapy on, say, their shoulder, as 11 compared to their ankle or their hip? 12 13 I'm not sure what you mean by --14 I don't understand the question. 15 Q In terms of a physical therapy 16 program which would be prescribed to a 17 claimant who had, say, a shoulder injury, 18 would it be the same as a physical therapy 19 program for someone who, say, had an ankle 20 injury in terms of the possible types of services which could be given? 21 22 A Yes. 23 MR. MARVIN: Can you read 24 back my question. (Record read.) 25

Page 61 R. Harvey, D.C. 1 Would you please turn to the 2 Q physical therapy notes for Juan Carlos 3 4 Herrera. (Perusing documents.) 5 Α 6 Yes. 7 Sorry, that's Juan Carlos Q Sanchez Rivera. 8 I have Juan Carlos Sanchez 9 Α 10 Herrera. Actually, you are right. 11 Q My apologies. 12 Herrera. (Recess was taken.) 13 So we were talking about 14 Q Mr. Herrera. What part of the body did 15 16 Mr. Herrera receive physical therapy on? It appears his shoulder and 17 18 ankle and foot. And with regard to a claimant 19 like Mr. Herrera who receives physical therapy 20 on multiple parts of the body, how is it that 21 these reports distinguish the objective 22 findings, the assessment and the physical 23 therapy program, as between those different 24 25 body parts?

10.0	Page 62
1	R. Harvey, D.C.
2	A I don't see a distinction.
3	Q Was there a distinction with
4	Mr. Herrera between the type of well, with
5	the assessment of his shoulder as compared to
6	his ankle?
7	A I would assume so. It just
8	looks like it wasn't documented properly.
9	Q And would that be with regard to
10	every progress note which is in Exhibit V?
11	MR. CHISARI: I'm going to
12	ask my client to go through every
13	one. I'm not going to ask him to
14	do a generalization.
15	A It looks like he did not
16	differentiate between the different body parts
17	as far as the subjective complaints as to
18	whether well, wait. Sorry, can you repeat
19	the question.
20	Q We were talking about the
21	objective findings as well as the assessment.
22	A Right.
23	As far as the assessment, I have
24	to assume both areas, "Tolerated treatment
25	well, " "Improvement as anticipated" and

Page 63 1 R. Harvey, D.C. 2 "Continued care of plan" since he didn't 3 differentiate. And what about objective 4 5 findings? 6 I would assume both areas, based 7 on this, showed spasm, tightness, tenderness. Now, Doctor, you're assuming 8 9 Is it fair to say you don't know for 10 sure? Correct. 11 Α And is it also fair to say 12 13 Mr. Brual would have knowledge of that? 14 Α Yes. 15 Q With regard to other claimants which are subject of today's EUO which also 16 17 received treatment to more than one area, but which the objective findings only have the one 18 checkmark, is it also fair to say that with 19 respect to those claimants, that the objective 20 findings weren't documented properly? 21 Well, I wouldn't say they 22 23 weren't documented properly. They're documented. If he's not differentiating them, 24 25 I have to assume that there was the spasm,

Page 64 1 R. Harvey, D.C. 2 tenderness and tightness and limited range of motion of both of those areas. 3 With respect to those claimants, 4 5 it's fair to say you don't know for sure, though, correct? 6 I don't know for sure, but based 7 Α on this record, again, I have to assume that 8 both those areas showed these complaints, 9 10 showed these objective findings. Is Mr. Herrera still being 11 12 treated by you? 13 Α Yes. 14 Do you know if his physical 0 15 therapy is working? 16 I can't say a hundred percent 17 It looks like there are days it's helping him and days it gets worse, and days 18 I can't say a hundred percent sure 19 better. 20 what his percent of improvement is. 21 With respect to the other Q 22 claimants for which we reviewed the progress notes, do you know if any of those claimants 23 have seen improvement in the physical therapy? 24 25 I believe they have seen Α

	Page 65
1	R. Harvey, D.C.
2	improvement by the checkmarks saying
3	"Improvement as anticipated."
4	Q And do you know any specifics
5	regarding the nature of the improvement with
6	regard to any specific claimant?
7	A No.
8	Q Again, is that something that
9	Mr. Brual would know?
10	A Yes.
11	MR. MARVIN: Let's mark
12	this as the next exhibit, since
13	we're talking about Mr. Herrera,
14	some of his acupuncture notes.
15	(Exhibit W-Acupuncture
16	notes of Mr. Herrera, was marked
17	for identification as of this
18	date.)
19	Q So we marked W. Dr. Harvey, are
20	those acupuncture notes and reports related to
21	Mr. Herrera as kept in the usual course of
22	Harvey's business, and which were provided to
23	Allstate in connection with this EUO?
24	A Yes.
25	Q And could you explain what this

	Page 66
1	R. Harvey, D.C.
2	first page is, which at the top indicates "TCM
3	diagnosis."
4	A It looks like a tongue
5	diagnosis.
6	Q And why is a tongue diagnosis
7	performed?
8	A As an acupuncturist they do
9	that. It gives them clues as to what problems
10	the patient might be having.
11	Q How is the tongue diagnosis
12	performed?
13	A Well, he will look at it, he
14	will touch it, he will check the pulse.
15	Q And in this case, the color is
16	indicated as "Dark red." Do you see that?
17	A Yes.
18	Q And what does that mean?
19	A His tongue was dark red.
20	Q Well, I know. In terms of
21	acupuncture treatment or diagnosis, what does
22	it mean for one to have a dark-red tongue?
23	A With the overall assessment, it
24	helps them clue in to help treat the patient.
25	Q Does a dark-red tongue

Page 67 1 R. Harvey, D.C. specifically mean anything as compared to 2 3 purple, bright red, pale red, which are the other colors that are indicated? 5 I don't know the exact 6 difference. Again, is that something that 7 the acupuncturist would know? 8 9 Α Yes. And that's Mr. Hwangbo? 10 0 11 Α Yes. The coating can be either clear, 12 thin or thick or white, yellow or black. 13 you see in this instance "thin" is circled? 14 15 A Yes. And in terms of an acupuncture 16 diagnosis, what does it mean for the coating 17 to be thin? 18 That's the finding that was seen 19 20 when he examined the tongue. Right. I understand that's the 21 0 finding, but what does it mean if the coating 22 23 is thin? It means it was thin. 24 And by "coating" -- what is the 25 Q

	Page 68
1	R. Harvey, D.C.
2	coating of the tongue?
3	A The surface of the tongue.
4	Q Moving on.
5	MR. CHISARI: I was going
6	to say saliva, Doctor, is that
7	what they mean by that, or
8	something else?
9	THE WITNESS: I just
10	believe it's the actual coating on
11	the touch on touch, on palpation.
12	Q And by "Body," there's a next
13	indicating. It could be "teeth mark, fissure
14	in the middle," and what's written in here is
15	"horizontal/geographic crack." Can you
16	explain what that means.
17	A I don't know the exact
18	significance of it.
19	Q And as far as "Pulse diagnosis,"
20	which is circled as "Wiry" and "Slippery,"
21	what does that mean?
22	A Those are acupuncture terms to
23	help assess the patient.
24	Q Do you know what those terms
25	mean?

	Page 69
1	R. Harvey, D.C.
2	A I don't know how to categorize
3	it specifically, no.
4	Q Is that also Mr. Hwangbo would
5	be able to describe if he was here?
6	A Yes.
7	Q In terms of the acupuncture
8	diagnosis, what's the diagnosis here?
9	A "Posttraumatic."
10	Q And what does that mean?
11	A The patient had some type of
12	trauma.
13	Q In addition, right underneath
14	the diagnosis, it says "Involve in the
15	organ/meridian of." Do you see that, Doctor?
16	A Yes.
17	Q And then there's a few
18	checkmarks under certain terms.
19	A Yes.
20	Q Can you describe what that first
21	term is, "SI/UB Tai-Yang."
22	A It's a small intestine point.
23	Q And the checkmark next to the
24	"GB/SI Shao-Yang"?
25	A That's a gallbladder point.

			Page 70
1		R. Harvey, D.C.	
2	Q A	And the next one, "LI/ST	
3	Yang-Ming"?		
4	A I	It's a large intestine po	oint.
5	Q A	And the "DU"?	
6	Α "	"DU"?	
7	Q I	Is that a "DU" $next$ to it	:?
8	A T	The "DU" is that's	it's a
9	point for the c	center of the spine.	
10	Q #	And the "LU/SP Tai-Yin"?	
11	A T	The LU is a tongue point.	
12	Q S	So this patient had a dia	agnosis
13	of some sort of	f trauma, you indicated.	Is it
14	in those points	s which we just discussed	1?
15	A T	The points that he's ched	cking
16	off are points	where he finds that	those
17	are points if h	he works on, will help th	nis
18	patient in his	overall recovery.	
19	Q Z	And how does he determine	e that
20	those are the p	points which should be we	orked
21	on?		
22	A I	By doing his assessment o	of the
23	patient with the	he color, the coating, the	he body,
24	the pulse diagr	nosis.	
25	O 1	Now, also on this page a	t the

Page 71 R. Harvey, D.C. 1 very top it looks like it's written "Dark 2 pale, SLVT." Do you see that? 3 Yes. 4 Α What does that mean? 5 0 I believe it has to do with the 6 skin, but I'm not a hundred percent sure. 7 Is that also something that 8 Q Mr. Hwangbo would know? 9 Yes. 10 Α Now, on the next page, Doctor, 11 where it lists "Meridian points commonly used 12 in therapy," there are four of six checked 13 off? Do you see those? 14 15 Α Yes. Do you know where those meridian 16 Let's start with the first one, 17 points are? "Neck pain." "B20, 21, S13, UB10" and "11." 18 Do you know where all of those meridian points 19 20 are? The those are -- that's -- the 21 A SI is a small intestine point. The UB is a --22 the UB is along the back, the SI is along the 23 front of the abdomen. The B is --24 Doctor, if I could stop you, you 25 Q

```
Page 72
1
                        R. Harvey, D.C.
    appear to be reading from something.
2
3
                   Yes, the notes. I consulted
    with my acupuncturist. The last time you
4
    asked me these questions I didn't know them,
5
    so I figured I would be prepared.
6
7
                   That's Mr. Hwangbo?
            0
            Α
                   Yes.
8
9
            Q.
                   So the information you're
    telling me now is information he told you?
10
11
            Α
                   Yes.
                   When did you speak to
12
            0
13
    Mr. Hwangbo?
                   The last few weeks.
14
            Α
15
            Q
                    In preparation for the EUO,
16
    today?
17
                   Yes.
            A
                    I think I asked you when we
18
19
    started if you spoke to anyone in the
    preparation for the EUO and you indicated
20
21
            Are you changing your answer now?
22
                    I did speak to Mr. Hwangbo.
                                                   Ιf
23
    that's what I said, yes.
                    Did you speak with anyone else?
24
            Q
                    Not that I recall.
25
            Α
```

Page 73 1 R. Harvey, D.C. Doctor, do you have any 2 Q firsthand knowledge, other than what was told 3 to you by Mr. Hwangbo, as to what any of these 4 5 points are? No, I'm not an acupuncturist. 6 Α Doctor, if you could turn to the 7 third-to-last page, which is the first 8 progress note for Mr. Sanchez, first 9 10 acupuncture progress note --11 Α Yes. -- could you describe the 12 13 procedure or process as to how acupuncture was 14 given to Mr. Herrera. 15 Well, let's start with the first Let's start with September 3rd, 2013. 16 day. Can you describe the points, the acupuncture 17 points, that he was given acupuncture on and 18 19 the reasons why. He was given acupuncture 20 A treatment to point SP3, LI11. He was given 21 treatment to those points because those are 22 the points that the acupuncturist assessed 23 24 would help him to improve. And why is it that those points, 25 Q

```
Page 74
1
                       R. Harvey, D.C.
    in particular, would help improvement with the
2
3
    pain?
                   Based on his assessment, those
            Α
4
    are points that if he works on them, it will
5
    help him with the pain.
6
7
                   The date we're looking at is not
            0
    September 3rd, it's actually -- Doctor, you're
8
    actually on September 10th, I think, correct?
9
    The treatment date on the top left.
10
                   It says here "Date, 9/3."
11
                   I think that's --
12
                   Just tell me what date you want
13
            Α
14
    me to go to.
                           MR. MARVIN: Off the
15
                   record.
16
                           (Discussion held off the
17
                   record.)
18
                   So Doctor, on the progress note
19
     do you see a diagnosis anywhere under
20
21
     "Findings"?
                   Under "Findings" I -- he's
22
     checked off "Moderate."
23
                   And under that, again it says --
24
25
     what does it say under "Tongue"?
```

Page 75 1 R. Harvey, D.C. Sorry, I'm not sure. 2 Α Wait. Under the "Findings" section, 3 Q under "Tonque," there's some written notes 4 there. Do you recognize that handwriting? 5 That's Mr. Hwangbo. 6 Α And what does it say? 7 0 It says "Dark, pale." 8 Α What does it say next to "Pale"? 9 Q I'm not sure what that word is. 10 Α What does that finding mean? 11 Q That's what he -- what he found 12 Α when he assessed the patient. 13 And in terms of the patient 14 Q 15 receiving acupuncture therapy, how would that finding change or alter the therapy? 16 Based on what he finds, he 17 will -- it clues him in to what points he's 18 19 supposed to work on. 20 And in what way did this finding change Mr. Herrera's therapy? 21 I don't know. 22 Α And next to "Pulse" on that same 23 section of the September 3rd acupuncture 24 treatment progress note, what does that say? 25

		Page 76
1		R. Harvey, D.C.
2	A I	think it's "Slippery and wiry"
3	Is what it seems	s to say.
4	Q H:	is pulse is slippery and wiry?
5	A TI	nat's what it appears to say.
6	Q A1	nd what does that mean?
7	A I	t was slippery and wiry based
8	on his evaluation	on. Those are acupuncture
9	findings and te	rminology.
10	Q A:	re you familiar with these
11	terms, other tha	an what was told to you by
12	Mr. Hwangbo?	
13	A I	'm not a acupuncturist.
14	Q S	o you're not familiar with the
15	terms, then?	
16	A N	o.
17	Q A:	nd the "DX" on the findings
18	section, what d	oes that mean?
19	A I	t looks like "Q stagnation."
20	Q A	nd what does that mean?
21	A T	he Q point was stagnated.
22	Q W	hat's the Q point?
23		MR. MARVIN: Let the record
24	r	eflect Dr. Harvey is looking at
25	h	is notes that he indicated he

Page 77 R. Harvey, D.C. 1 wrote after speaking with 2 3 Mr. Hwangbo. I'm not exactly sure what the Q 4 Α 5 point is. Again, is that something that 6 7 Mr. Hwangbo would know? 8 Α Yes. As far as the actual acupuncture 9 treatment which was billed for, could you 10 explain what that treatment consisted of. 11 let's just pick a date, because I believe 12 they're similar between all dates. Let's just 13 stick with the September 3rd date for now. 14 On September 3rd he gave 15 15 Α minutes of acupuncture, then an additional 15 16 minutes of acupuncture. So he will do 15 17 minutes; then he takes the needles out, puts 18 19 new needles in for an additional 15 minutes. He also uses an infrared heat, and he works on 20 the patient's trigger points with his hands. 21 And in terms of the billing for 22 the acupuncture, is the billing for, say, the 23 ankle done separately than on the neck or the 24 shoulder, or is it considered one acupuncture 25

```
Page 78
1
                       R. Harvey, D.C.
2
    treatment?
3
            Α
                   I believe he bills it as one
    treatment.
                   Dr. Harvey, if you could turn to
5
    the third-to-last page, which is the
6
7
    9/19/13 progress note, could you tell me
8
    what's written right above the treatment plan.
                   I don't see 9/13.
9
            Α
                   No, 9/19/13.
10
            Q
11
            Α
                   Yes.
                   Could you tell me what's written
12
13
    on that progress note above "Treatment plan."
                    "No low back pain."
14
            A
15
            Q
                   And next to that?
                    "Since last treatment," it looks
16
            Α
17
     like.
                   Do you know if acupuncture was
18
            Q
19
    given to Mr. Herrera on his lower back on
20
     9/19/2013?
21
                   No, I don't know.
                   Do you see, on the 9/19 progress
22
            Q
23
     note, there's an indication of a treatment
     site?
24
25
            Α
                    Yes.
```

	Page 79
1	R. Harvey, D.C.
2	Q Do you see "Lower back" circled?
3	A No.
4	Q I don't know if you're looking
5	at the same one I am.
6	A It appears to be circled.
7	Q Do you know if acupuncture was
8	performed on Mr. Herrera's lower back on 9/19?
9	A Based on these points, I
10	don't UB
11	Q Well, Doctor
12	A It was done on the bladder
13	point.
14	Q In terms of the treatment site,
15	what's indicated as the treatment site on the
16	progress note?
17	A "Lower back" is circled.
18	Q So is it your belief, based on
19	this progress note, that acupuncture is
20	performed on the lower back?
21	A On that site, yes.
22	Q And would it be common for
23	acupuncture to be performed, even though the
24	patient indicated that there was no lower back
25	pain since the last treatment?

	Page 80
1	R. Harvey, D.C.
2	A Yes.
3	Q And why is that?
4	A The pain is just one factor that
5	he goes by. Just because there's no pain
6	doesn't mean there's not a problem with the
7	area.
8	Q Is it fair to say, based upon
9	this progress note on September 19th, 2013,
10	Mr. Herrera told Mr. Brual that he had no
11	lower back pain since his last treatment?
12	A Mr. Hwangbo.
13	Q Sorry, Mr. Hwangbo.
14	A Based upon the record, that's
15	what he told him.
16	Q And his last treatment before
17	September 19th for acupuncture was when?
18	A It looks like 9/12, I believe.
19	Q Dr. Harvey, it's correct that
20	you treat Mr. Herrera for back injuries? You
21	performed chiropractic treatments on him; is
22	that correct?
23	A Yes.
24	MR. MARVIN: Can you mark
25	this, please.

-	
	Page 81
1	R. Harvey, D.C.
2	(Exhibit X-Daily
3	Chiropractic Progress Notes, was
4	marked for identification as of
5	this date.)
6	Q Do you recall if you treated
7	Mr. Herrera on September 19th, 2013?
8	A I would have to check the
9	record.
10	Q We have marked as Exhibit X,
11	daily chiropractic progress notes for
12	Mr. Herrera.
13	A I saw him on 9/19/13, yes.
14	Q When you saw him on 9/19/2013,
15	did he indicate to you if he was having lower
16	back pain?
17	A Yes.
18	Q And what was the level of pain
19	he indicated?
20	A A six.
21	Q Which on a scale of one to ten,
22	how was that described verbally?
23	A Distressing.
24	Q And do you recall having that
25	conversation with him?

Page 82 1 R. Harvey, D.C. 2 Α Yes. 3 Did you treat him chiropractically before or after he had 4 acupuncture treatments from Mr. Hwangbo? 5 I don't recall. 6 Did you speak with Mr. Hwangbo 7 Q about the progress of Mr. Herrera? 8 Have you 9 ever spoken to Mr. Hwangbo in terms of how 10 he's handling treatment? 11 Α No. 12 Did you ever review the 13 acupuncture notes for Mr. Herrera during the course of your treatment of him? 14 15 Α No. Did you ever review the physical 16 17 therapy notes for Mr. Herrera during his treatment? 18 19 No. 20 With respect to all the claimants which are the subject of today's 21 EUO, did you ever review their progress 22 reports, the acupuncture and/or physical 23 therapy notes, during the course of your 24 25 treatment?

	Page 83
1	R. Harvey, D.C.
2	A Not that I recall.
3	Q Do you recall if you ever spoke
4	with Mr. Hwangbo about any of the claimants
5	which received acupuncture about their
6	progress?
7	A I can't recall speaking about
8	any specific patients.
9	Q Would that be the same with
10	respect to the physical therapy?
11	A Yes.
12	Q With respect to Mr. Herrera, do
13	the acupuncture and chiropractic treatments
14	work together or in conjunction, in
15	furtherance of his treatment?
16	A The goal is that both treatments
17	are going to help him.
18	Q Now, on September 19th he
19	indicated to the acupuncturist that he had no
20	lower back pain, yet he indicated to you that
21	he had distressing back pain. Do you know why
22	that is?
23	A Well, if he saw Mr. Hwangbo
24	first, possibly something he did aggravated
25	his back, or something I did might have

	Page 84
1	R. Harvey, D.C.
2	aggravated his back.
3	MR. MARVIN: Off the
4	record.
5	(Discussion held off the
6	record.)
7	Q Doctor, would it be fair to say
8	that he would have had to if what you're
9	saying is the case, wouldn't he have had to
10	have seen Mr. Hwangbo first, since Mr. Herrera
11	indicated he had no lower back pain since the
12	time of the visit?
13	A Possibly. Again, I don't know
14	who he saw first.
15	Q You indicated that his last
16	acupuncture visit was September 13th; is that
17	correct? Or September 12th, I'm sorry.
18	A It looks like he was treated on
19	October 29th. Treatment number seven.
20	Q When was treatment number four?
21	A On 9/12.
22	Q So would it be fair to say that
23	he indicated to Mr. Hwangbo, on 9/19, that he
24	had no lower back pain since the time of
25	September 12th?

```
Page 85
1
                        R. Harvey, D.C.
                   On 9/19 the patient told him,
2
            Α
    from the record, that he was not having low
3
4
    back pain.
5
                    Since when?
            Q
                    The last treatment.
6
            Α
                   Which was when?
7
            Q
                   Before that looks like 9/12.
8
            A
9
            Q
                   Now, between that time of
     September 12th to the 19th, did you treat
10
11
    Mr. Herrera chiropractically?
12
                    Yes.
            Α
13
            Q
                    On what dates?
                    I saw him on 9/13, 9/15 and
14
            Α
15
     9/18.
                    And on those dates, did
16
            Q
     Mr. Herrera indicate to you that he had back
17
18
     pain?
19
            Α
                    Yes.
20
                    And what was the level of his
            Q
21
     back pain?
                    On 9/13 it was a level seven, on
22
     9/15 it was a level seven and 9/18 was a level
23
24
     six.
                    And in terms of the description
25
            Q
```

	Page 86
1	R. Harvey, D.C.
2	of seven, what is it?
3	A "Horrible."
4	Q Now, Dr. Harvey, do you know
5	why, if this patient had what he described as
6	horrible back pain between September 12th and
7	the 19th, that Mr. Hwangbo indicated that this
8	patient told him he had no lower back pain at
9	all since September 12th?
10	A I don't know.
11	Q Do you believe Mr. Hwangbo would
12	have that information?
13	A I can only go on his record. On
14	the record he claims on the 19th he wasn't
15	having back pain.
16	Q Are there any other
17	acupuncturists who work for Harvey Family?
18	A Right now the only one that's
19	actively working in my office is Mr. Hwangbo.
20	Q With respect to the claims which
21	are the subject of today's EUO, did any other
22	acupuncturists, other than Mr. Hwangbo,
23	perform services on them?
24	A No.
25	MR. MARVIN: Off the

	Page 87	
1	R. Harvey, D.C.	
2	record.	
3	(Discussion held off the	
4	record.)	
5	MR. MARVIN: So since we're	
6	talking about acupuncture, let's	
7	mark as an exhibit the records for	
8	Gina Mascia and Paulino Alvarado.	
9	(Exhibit Y-Acupuncture	
10	notes of Paulino Alvarado, was	
11	marked for identification as of	
12	this date.)	
13	(Exhibit Z-Physical Therapy	
14	Notes of Jeanne Poniros, was	
15	marked for identification as of	
16	this date.)	
17	(Mr. Chisari exits the room	
18	and Mr. Cox enters the room.)	
19	Q Dr. Harvey, we just marked as	
20	Exhibit Y the acupuncture notes for Paul	
21	Alvarado?	
22	A Yes.	
23	Q And are those acupuncture notes	
24	fair and accurate copies of the notes which	
25	are maintained in the course of Harvey	

Page 88 1 R. Harvey, D.C. Family's business and which were provided from 2 3 your office to Allstate in connection with this EUO? Α Yes. 5 Could you describe the 6 acupuncture treatment provided to this 7 claimant on the first date of treatment. 8 looks like June 20th. And in particular, can 9 you describe the written notes on the progress 10 11 form. It looks like he had a prior 12 accident six years ago. On the diagnosis, it 13 mentions that the tongue is dark and red. The 14 15 pulse is wiry, again, I believe. Do you have any firsthand 16 knowledge of the acupuncture treatment 17 provided to this claimant? 18 What do you mean by "firsthand 19 knowledge"? 20 Well, obviously you didn't 21 perform the treatment. Were you in the office 22 when it was being performed? In other words, 23 were you there? Did you ever speak with 24 Mr. Hwangbo about this claimant's acupuncture 25

Page 89 R. Harvey, D.C. 1 2 treatment? I was in the office. I don't 3 Α recall discussing his treatment with him, no. 4 Well, when I say "in the 5 office," obviously you were probably in the 6 building. You weren't actually in the 7 treatment room? 8 No. 9 Α Is that the same with respect to 10 all of claimants which are the subject of this 11 12 EUO? 13 Yes. Α So is it fair to say 14 Q 15 Mr. Hwangbo, the acupuncturist, is the person who would have the most -- or probably the 16 only person that would have knowledge of the 17 actual acupuncture treatment of these 18 19 claimants? 20 A Yes. And with respect to physical 21 Q therapy which was performed on the claimants 22 which were the subject of this EUO, is it also 23 fair to say that Mr. Brual, the physical 24 therapist who performed the services, is the 25

Page 90 1 R. Harvey, D.C. person that would have the most knowledge, if 2 not the only person who would have knowledge 3 of those services? 5 Α Dr. Harvey, on the progress note 6 7 that you were just talking about, are you able to read any of the notes under the "Pain" 8 9 section or under the "Acupuncture point" section? 10 The "Acupuncture" section looks 11 like he checked off "U11." 12 13 Q Do you know what that means? "U11" would be --14 Α The record 15 MR. MARVIN: should reflect Dr. Harvey is, 16 again, referencing his written 17 notes which he wrote in connection 18 with speaking to Mr. Hwangbo. 19 It's a back point. A point on 20 Α And for the other, I'm not sure 21 the back. 22 what the other says. Now, in terms of the billing for 23 these services, are you aware of why certain 24 billing codes are used in connection with 25

Page 91 R. Harvey, D.C. 1 certain acupuncture services? 2 I'm not sure what you mean. 3 So on the progress notes there's certain codes used. For example, a 97810. 5 Exactly what procedure is performed in order 6 to bill under that code, or was performed with 7 respect to Paulino Alvarado? 8 He did needles for 15 minutes, 9 and then he did additional needles for 15 10 11 minutes. And did he also perform trigger 12 13 points? Yes. 14 And on what part of the body did 15 Q he perform the trigger points? 16 I don't know the part. 17 With respect to the all of the 18 acupuncture notes reflecting services 19 purportedly performed on claimants which are 20 the subject of today's EUO for which trigger 21 points were billed, is it fair to say you 22 don't know the parts of the body on which 23 those services were performed? 24 Correct. 25 A

Page 92 1 R. Harvey, D.C. And again, is it also fair to 2 Q say that Mr. Hwangbo would have the knowledge, 3 or the best knowledge to handle that? 4 He worked on the point, so he 5 knows the points he worked on. 6 Are you aware if anyone else 7 would know those points? Generally are there 8 other people in the room with him? 9 It's just him and the patient. 10 Α So let's move on to what's been 11 marked as Exhibit Z, which are the physical 12 therapy notes for the same claimant. 13 MR. MARVIN: Just let the 14 record reflect we marked a 15 different patient as Exhibit Z. 16 We might as well talk about 17 those records since they are already been 18 marked. And this is Jeanne Poniros. 19 are the physical therapy notes, progress 20 notes; is that correct, Dr. Harvey? 21 22 Α Yes. Could you explain to me what the 23 0 marking next to "MMT" is on these progress 24 25 notes.

	Page 93
1	R. Harvey, D.C.
2	A I'm not sure what that marking
3	is.
4	Q I think earlier you said you
5	don't know what MMT is; is that correct?
6	A Correct.
7	Q And again, would it be Mr. Brual
8	who would have knowledge of those facts?
9	A Yes.
10	Q And this patient, Dr. Harvey,
11	looks like he or she had physical therapy on
12	the shoulders; is that correct?
13	A Correct.
14	Q Is that both shoulders?
15	A It appears to be.
16	Q And again, with the subjective
17	and the objective and the assessment and the
18	plan, there doesn't appear to be an indication
19	as to which shoulder it relates to; is that
20	correct?
21	A Correct.
22	Q So how could we determine the
23	progress or if the progress is different as
2 4	to each shoulder within the physical therapy
25	treatment?

	Page 94
1	R. Harvey, D.C.
2	A Mr. Brual would know.
3	Q And would you give the same
4	answer with respect to all of the other
5	claimants which are the subject of this EUO,
6	for which they received physical therapy on
7	multiple areas of their body but and which
8	no such reflection is indicated on the
9	progress notes?
10	A Yes.
11	Q Dr. Harvey, some of these
12	claimants also received medical equipment; is
13	that correct?
14	A Yes.
15	Q And you prescribed that medical
16	equipment?
17	A Yes.
18	Q So let's just talk briefly about
19	that, and I will try to do some general
20	questions so we don't have to go through each
21	claimant individually.
22	A Sure.
23	Q We discussed in your prior
24	testimony that you had a relationship with
25	Clinton Hill Surgical Medical Supplies.

```
Page 95
                        R. Harvey, D.C.
1
2
                   Yes.
            Α
                   And do you still have that same
3
            Q
    relationship?
4
                   Yes, but I think they go by a
5
            Α
6
    different name now.
                   Is it A & S Surgical Supply?
7
            Q
                   Yes, I believe so.
8
            Α
                   And how did you become aware
9
            Q
    that Clinton Surgical Supply changed their
10
    name to A & S Surgical Supply?
11
                    I believe the representative
12
13
    told me.
                   Do you remember the
14
            Q
    representative's name?
15
                   His name is Steve.
16
                   And did he explain to you why
17
     Clinton Surgical changed its name to A & S
18
     Surgical?
19
                    No.
            Α
20
                    Now, the assignment of benefits
21
            Q
     forms for durable medical equipment from
22
     claimants to A & S Surgical, are those
23
24
     executed in your office?
                    Yes.
25
            Α
```

Page 96 1 R. Harvey, D.C. So it's fair to say that A & S 2 Q 3 Surgical gave you a stock of those, and they're executed in your office? 4 Yes. 5 Α And what's the procedure 6 pursuant to which patients actually receive 7 8 the equipment? 9 Normally I recommend equipment I will let the girls know. 10 to them. Sorry, when you say "girls" --11 The girls at my front desk, the 12 13 secretaries. And then the patient will sign for the equipment that they're receiving. 14 15 Q Do you fill out a prescription for the durable medical equipment? 16 I usually -- I have a sticky 17 like this (indicating) that I will put on 18 19 their SOAP note, which when the patient gives it to the girl, the girl will see it and they 20 will know what to give to the patient. 21 MR. MARVIN: Let's mark as 22 Exhibit AA documents which we 23 received from your office in 24 connection with today's EUO. 25

	Page 97
1	R. Harvey, D.C.
2	(Exhibit AA-Prescription
3	Forms, was marked for
4	identification as of this date.)
5	Q Dr. Harvey, are you familiar
6	with those documents in Exhibit AA?
7	A Yes.
8	Q And what are they?
9	A This is a prescription form that
10	patients in my office will sign when we're
11	giving them supplies.
12	Q And this is actually a stack of
13	forms, it's more than just one?
14	A You have given me a stack of
15	forms, yes.
16	Q And I guess the signature on the
17	bottom, is that a stamp or from a computer?
18	The signature of your name.
19	A That signature, I usually sign
20	them, I believe. I'm not sure.
21	Q Look through the stack and let
22	me know if you recall signing these
23	individually or if they're printed or
24	photocopied or a stamped signature?
25	A It looks like a stamped

Page 98 R. Harvey, D.C. 1 2 signature. Does Harvey Family maintain a 3 Q signature stamp of your signature? 4 I believe maybe I signed one and 5 then I made copies of it. I'm looking at 6 That's what it possibly looks like. 7 So you believe that you signed 8 Q one at some point, and then photocopies were 9 run off with your signature? 10 Based on this, yes. 11 Were these prescriptions ever 12 actually given to the claimants? 13 (No verbal response.) 14 In other words, if they wanted 0 15 -- are prescriptions ever given directly to 16 claimants or are they given right to the front 17 desk for the DME to be dispensed? 18 It's done at the front desk. 19 Α And do you maintain an inventory 20 Q of the DME? 21 Yes. 22 Α And when A & S Surgical Supply, 23 I guess, took over for Clinton Surgical 24 Supply, or the name changed, did you ever have 25

Page 99 1 R. Harvey, D.C. any discussions with anybody from the company 2 as to why that was done? 3 No. Α Did you ever think to ask why it 5 Q was done? 6 7 Α No. Do you have any written or other 8 Q agreements with A & S Surgical Supply 9 regarding the provision of DME, durable 10 medical equipment, through your office? 11 No. 12 Α Does your office maintain any 13 arm slings or ankle braces or DME, other than 14 that which would be used for the back or the 15 16 neck? 17 Yes. Α And is that DME ever prescribed 18 19 to claimants? Occasionally. 20 Α Now, we talked about Jeanne 21 0 Poniros and her physical therapy on her 22 23 shoulder. Yes. 24 Α Was she ever prescribed any sort 25 Q

Page 100 1 R. Harvey, D.C. of arm sling or other DME for her shoulder? 2 Not that I recall. 3 Α Do you know why? 4 Q Why what? 5 Α Why she wasn't prescribed DME 6 7 for her shoulder. Α No. 8 Does Mr. Brual ever prescribe 9 Q DME through Harvey Family? 10 He personally doesn't, but there 11 are times if he thinks maybe someone needs 12 something, he will mention it to me and then I 13 14 will get it for the patient. 15 Q And do you recall if that was the case with Ms. Poniros? 16 I don't recall if she -- what 17 18 she received. With respect to the claimants 19 which are the subject of today's EUO which 20 received physical therapy on their shoulder, 21 are you aware if any of them received any sort 22 of DME which would help their shoulder injury? 23 Not that -- not offhand. 24 25 don't recall.

	Page 101
1	R. Harvey, D.C.
2	Q Is there anything that would
3	refresh your recollection?
4	A If I saw that someone had got a
5	DME, then it would refresh my recollection.
6	Q Again, would Mr. Brual know if
7	he suggested DME for any particular claimant?
8	A Yes, he would know.
9	Q Does Mr. Hwangbo ever suggest
10	that a claimant received DME?
11	A No.
12	Q Now, Dr. Harvey, Nilda Rivera,
13	one of Harvey Family claimants who has her
14	physical therapy notes in Exhibit V, at times
15	described her shoulder pain as distressing; is
16	that correct?
17	A Yes.
18	Q And are you aware if she was
19	prescribed any DME to help her shoulder during
20	the course of her treatment?
21	A I'm not aware, no.
22	Q Do you ever prescribe TENS or
23	EMS units for the treatment of patients?
24	A I will occasionally prescribe a
25	TENS unit, yes.

Page 102 1 R. Harvey, D.C. Do you keep those on hand at 2 Q 3 Harvey Family? Α Yes. And what about shoulder braces, 5 do you keep shoulder braces on hand? 6 7 No. If we need a shoulder Α brace, they will deliver it to us. 8 9 Do you recall that happening with respect to any of the claimants which are 10 11 the subject of this EUO? I don't know about these 12 specific claimants. I know we have done it in 13 the past, but I don't know about these 14 15 specific ones. And what's the procedure for the 16 A & S Surgical Supply assignment of benefits 17 form being filled out in your office? And how 18 does that work in terms of being filled out 19 and being provided to A & S Surgical Supply? 20 We will fill it out, and then 21 Α they will come and pick it up. I think once a 22 23 month they will pick up the prescriptions. And when you say "they" --24 25 Α A & S.

And the second s	Page 103
1	R. Harvey, D.C.
2	Q Do you know who from
3	A Steve.
4	Q Do you know his last name?
5	A I don't know.
6	Q Can you describe what he looks
7	like?
8	A He's about six-two, six-three.
9	Caucasian.
10	Q The color of his hair?
11	A Brown.
12	Q Anything else to distinguish
13	him?
14	A No.
15	Q So just to clarify, the
16	procedure is these assignment of benefit forms
17	are signed in your office I guess kept to
18	the side and once a month Steve comes in
19	and he picks them up, correct?
20	A Approximately.
21	Q Approximately once a month.
22	A Yes.
23	Q And do you ever meet with anyone
24	from A & S to go over the types of medical
25	equipment that they're giving to you in order

Page 104 R. Harvey, D.C. 1 for you to provide to your patients? 2 Well, occasionally he's given 3 Α me -- he said to try a different support and I 4 didn't like it, or I liked it and -- those are 5 the only discussions I have ever had. 6 Let's talk specifics. 7 Q cervical pillows which were prescribed to 8 Gabriel Laborde, according to the prescription 9 in Exhibit AA, do you know the make, model or 10 manufacturer of that cervical pillow? 11 Offhand I don't know, no. 12 And what about the hot/cold pack 13 0 or the orthopedic lumbar support, do you know 14 the make, model or manufacturer of any of 15 16 those items? 17 A No. Do you know offhand the make, 18 model or manufacturer of any of the DME which 19 20 you prescribed? Not offhand, no. 21 Α Do you ever give claimants 22 instructions on how to use the various DME 23 which are given to them from the front desk? 24 Yes. 25 Α

Page 105 R. Harvey, D.C. 1 And at what point do you do 2 Q that? 3 When I recommend it to the Α 4 5 patient. Do you keep items of the DME in 6 the exam rooms so you can show them how to use 7 it? 8 I have it stored, and I will 9 give it to them and I will show them how to 10 11 use it. I'm sorry, I thought you said 12 that the procedure was they go to the front 13 desk with the paper and it's given to them by 14 the girls at front desk? 15 Well, they will have them sign 16 it, but there's times -- if I have to show 17 them -- like a pillow I don't have to show 18 them how to use it. But like we have a 19 cervical pump we use or a lumbar pump, and 20 that I will show to the patient. 21 During the last EUO we had 22 discussed the Harvey Family profits, but they 23 hadn't -- the taxes hadn't yet been done for 24 the year. In terms of the profits for 2012, 25

	Page 106
1	R. Harvey, D.C.
2	what percentage did Mr. Brual receive?
3	A I think things just came
4	through. I don't know the percentage. Well,
5	he's one percent partner. Whatever the
6	agreement says. So my accountant tells me,
7	and then we take it from there.
8	Q Do you recall issuing any
9	profits to Mr. Brual within the last year?
10	A Yes.
11	Q And when was that?
12	A I don't recall.
13	Q How many times?
14	A We just do it once a year.
15	Q And what about Mr. Hwangbo, did
16	you distribute any profits to him?
17	A Yes, once a year.
18	Q Do you recall when it was?
19	A No.
20	Q Do you recall how much
21	Mr. Hwangbo received?
22	A No.
23	Q And with respect to Mr. Brual,
24	you said you believe it's one percent of the
25	profits of Harvey?

Page 107 R. Harvey, D.C. 1 It's either one or two percent. 2 Α Whatever the agreement says. 3 Do you recall what the total 4 profits of Harvey Family was last year? 5 6 Α No. Could you approximate? 7 Q I have no idea. 8 Α Let's talk about, again, 9 Mr. Goldsmith and North Yonkers Chiropractic 10 Services, P.C. Did you ever have any 11 discussions with him, with Mr. Goldsmith, 12 regarding him forming that company prior to it 13 being formed? 14 I'm sure I must have -- I don't 15 remember the exact discussion. I'm sure I 16 must have discussed something, but I don't 17 recall exactly what was discussed. 18 And why do you recall you must 19 have discussed something? 20 Just because we talk about 21 Α things all the time. Something like this 22 would be important, so I'm sure we would have 23 discussed it. 24 Do you know when North Yonkers 25 Q

Page 108 1 R. Harvey, D.C. Chiropractic Services was actually formed? 2 No. 3 A And earlier you said you don't 4 know when you entered into a lease agreement 5 service with North Yonkers Chiropractic 6 Services, P.C. 7 No, I don't. 8 Could you approximate in a 9 Q 10 few-month period? 11 Α No. In a six-month period? 12 Q 13 Α No, I really couldn't. And I think I asked you this 14 Q 15 question in a limited way before. Do you recall any terms whatsoever in the lease 16 agreement between Harvey Family and North 17 Yonkers Chiropractic Services? 18 19 Α No. Do you know if Harvey Family 20 receives a set amount each month for the 21 lease, or is the amount different? 22 23 Α No, it's a set amount. And you don't know what the 24 25 amount is?

- Anna Anna Anna Anna Anna Anna Anna Ann	Page 109
1	R. Harvey, D.C.
2	A No.
3	Q Since our last EUO and I will
4	give you the date when we spoke on
5	March 21st, 2013, has Harvey Family hired any
6	new employees?
7	A No.
8	Q Have you fired any employees or
9	has anyone left?
10	A No. I had actually a girl on
11	maternity leave for three months, but that's
12	it.
1,3	MR. MARVIN: Off the
14	record.
15	(Discussion held off the
16	record.)
17	Q Dr. Harvey, with respect to the
18	physical therapy for the claimants which are
19	the subject of today's EUO, I know for
20	Ms. Martinez you believed it was Dr. Dynoff
21	who prescribed the physical therapy?
22	A Right. Typically well, I
23	believe so. It could have been Dr. Kushner.
24	It could have been Dr. Solomon. There's other
25	doctors that my patients see. I'm not a

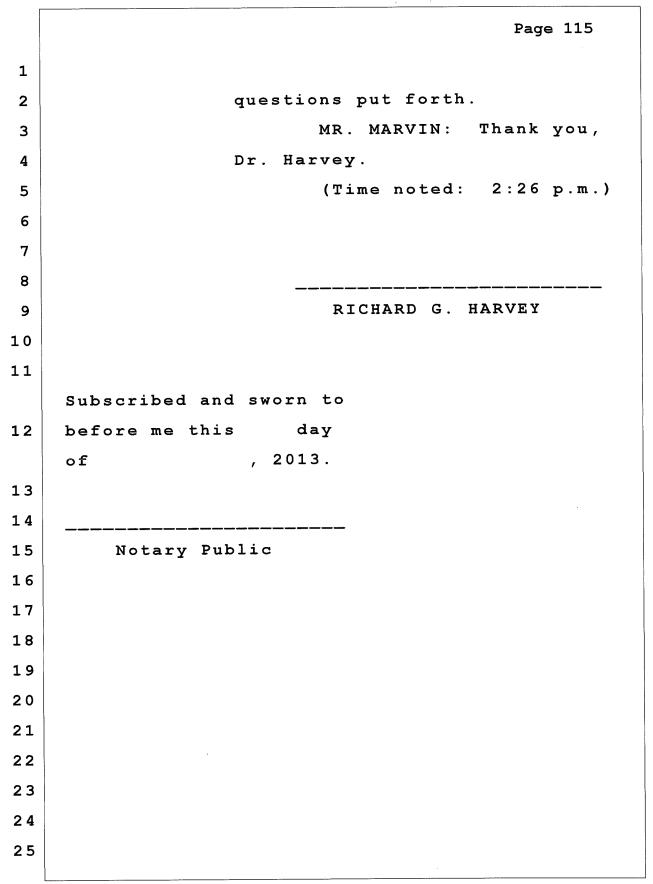

Page 110 R. Harvey, D.C. 1 hundred percent sure who referred her. 2 Are Kushner and Solomon located 3 in your office building? 4 5 Α No. Were all of the claimants which 6 are the subject of today's EUO referred for 7 physical therapy by one of those three 8 doctors? 9 There's more than those Nο. 10 Sometimes it's their primary doctor. 11 Sometimes it's another orthopedist or another 12 neurologist. A lot of different physicians 13 14 refer. I'm just going to go back to 15 0 some of your prior testimony in areas where 16 you indicated that you didn't know the answer 17 to certain questions and to see if you now 18 know the answers. And this in particular 19 we're going to go back to your March 21st, 20 2013 testimony. 21 MR. COX: Before we do 22 that, was Lou here when you asked 23 all those questions? 24 MR. MARVIN: Yes. 25

Page 111 R. Harvey, D.C. 1 MR. COX: Let me make sure 2 he doesn't want to be in the room. 3 There may be some issues. 4 Let's go off, and let me be 5 back in two minutes. 6 (Brief recess taken.) 7 (Mr. Cox left the room and 8 Mr. Chisari entered the room.) So Dr. Harvey, I'm going to 10 repeat some questions that I asked you -- and 11 at the time you indicated that you didn't 12 know -- and see if you now know the answers. 13 With respect to Derrick Norman, 14 a claimant we discussed who had physical 15 therapy services performed, I had asked you if 16 you knew what a McMurray test was, and you 17 indicated it was for knee pain, and then I 18 asked what a Clarke test was, and you 19 indicated you were not familiar with what the 20 Clarke test was. Do you now know what the 21 Clarke test is? 22 No. 23 Α I had also asked you about the 24 Yerbasin (phonetic) test. Are you familiar 25

Page 112 1 R. Harvey, D.C. 2 with that? 3 Α Could you spell it. Actually, in the transcript it's 4 listed as phonetic, so I can't, so we will 5 6 move on. I asked about the speed test. 7 No. 8 Α Not familiar? 9 Q No. 10 Α The Phalen test, P-H-A-L-E-N? 11 Phalen is a test on the wrist 12 Α 13 for carpal tunnel syndrome. I had asked you why a Clarke 14 Q 15 test and a Speed test were performed on Mr. Norman, and you indicated you didn't know. 16 Is that answer still the same? 17 18 Yes. With respect to acupuncture 19 services, I had asked you about indications of 20 damp accumulation, bi syndrome, qi deficiency 21 and E-U-N, eun, deficiency. And I asked you 22 to explain what those four terms mean, and you 23 indicated you couldn't. I believe you might 24 have explained bi syndrome earlier; is that 25

Page 113 1 R. Harvey, D.C. 2 correct? I believe so. But the other 3 Α ones I'm not familiar with. 5 Okay. Q I had also asked you, with 6 respect to Mr. Norman, what an acupuncture 7 treatment cycle consisted of, and you 8 indicated you didn't know. Do you now know? 9 The only thing I can think of is 10 11 the recommended course of care. I had also asked about the Ashi, 12 A-S-H-I, acupuncture point, and you indicated 13 you didn't know what that was. Do you now 14 15 have any knowledge about what that is? 16 Α No. MR. MARVIN: I have no 17 further questions for today. 18 will put a statement on the record 19 that with respect to the 20 acupuncture and physical therapy 21 services, again it appears that 22 Dr. Harvey does not have knowledge 23 of those services which are 24 performed on the claimants, which 25

Page 114 1 R. Harvey, D.C. are the subject of today's EUO. 2 The responses to many of 3 his questions regarding physical therapy and acupuncture were "I 5 don't know," and he indicated 6 several times that Mr. Brual would 7 have knowledge of those questions with respect to the claimants we talked about with respect to 10 physical therapy, and Mr. Hwangbo 11 with respect to acupuncture. 12 For that reason, Allstate 13 is reserving our right to seek 14 testimony from those individuals 15 in connection with the additional 16 verification of these claims. 17 MR. CHISARI: At this time, 18 Harvey Family Chiropractic, 19 Physical Therapy & Acupuncture 20 PLLC feels it's complied with all 21 requests, and at this point, no 22 further EUOs are required. I have 23 produced a witness over several 24 days, and he has answered all the 25

CERTIFICATION

3

I, CHERYL ROBERTSON, a Notary Public in and for the State of New York, do hereby certify:

6

hereinbefore set forth, was duly sworn by me; and

8

7

THAT the within transcript is a true

THAT the witness whose testimony is

9

record of the testimony given by said witness.

10 11 I further certify that I am not related, either by blood or marriage, to any of the parties

12

in this action; and

13

THAT I am in no way interested in the outcome of this matter.

14 15

IN WITNESS WHEREOF, I have hereunto set my hand this 20th day of December 2013.
